

Happy New Year and hello 2026!

To start, a big thank you to you all

Thank you to our amazing volunteers, our wonderful community, and our fantastic team for your incredible dedication and support throughout 2025. Your commitment to our Visitors - whether in the advice room, the classroom, supporting the Women's Group, crafting in the Sewing Group, repairing bikes, and so much more - has been instrumental in helping us achieve our goals.

We truly couldn't have done it without you.

A huge thank you also goes out to everyone who voted for us in the Gel Studios Creative Solution competition. Their expert design and marketing support will be incredibly valuable, helping us to share even more positive stories about the work we do going forward.

Upcoming events...

We're kicking off the new year with positive energy and enthusiasm, and these upcoming events are not to be missed.

We're delighted to announce that Ivo Graham will be returning this Spring to host another comedy night in support of The Harbour Project. The last event

was a fantastic evening filled with laughter, and we can't wait to enjoy his next show.

Following the huge success of our most recent Quiz Night, we're excited to start planning the next one for the Summer - so make sure your teams are ready!

And, as always, our annual winter fundraiser is not to be missed. Our ever-popular Curry Night will be back this December and, as usual, is sure to sell out fast.

Event dates will be announced soon - keep an eye out and make sure your diaries are ready.

Words from Susan Lowry, one of our many amazing volunteers at volunteer at The Harbour Project:

“...As a place to work as a volunteer, it is constantly interesting, meeting fascinating people both as colleagues and Visitors, varied and fun. Seen in the broader context of daily life, it gives a wonderful view of so many different lives, ways of life, living history, eye-opening view of the wider world. To be exposed to differences is a benefit to everyone. Being involved with The Harbour Project opens one's eyes, broadens the mind, stretches the brain dealing with and learning about the rules and processes of asylum and learning about the ways of others from all over the world...”
